IAS 129/72
25 August 1972

MEMORANDUM FOR: Acting Executive Director, National Photographic Interpretation Center

SUBJECT : Comment on IG Recommendation

REFERENCE : NPIC/D-377-72, 24 August 1972

Ed:

1. I am in favor of any concept of movement between IAS and NPIC which will benefit the individuals involved, increase mutual understanding, and bring the organizations into closer harmony and more effective working relationships.

2. To achieve these goals I see a limited exchange with specific position identification, thoroughly developed objectives, and careful monitoring. The movement need not, and in some instances probably should not be, on a strictly time oriented rotational basis. Further I believe the benefits to be achieved from such exchanges do not lie primarily in the P.I. analytical area, but at management and technical levels.

25X1A 3. [REDACTED] and I discussed this subject some time ago and agreed in principal that it was worth pursuing further. We agreed we would look into the identification of some exchange positions but to my knowledge neither of us has followed through to this point.
